

Adding Buildings to OSM

Tailored for Virginia, using Virginia data.

Using Rapid

Probably the easiest way to start is by using the [Rapid](#) editor. This assumes you know how to use the Rapid editor. You can save yourself a URL with a few custom parameters to open the editor.

- Base URL: <https://rapideditor.org/rapid#>
- VBMP imagery:

```
background=VBMPImagery_Most_Recent
```
